A Place of Restoration

Our program is unique because we are a Regeneration Program not a Rehab at A Place of Restoration God touches men's lives there that most people would consider untouchable. Rehabs are good, but they do not deal with the real inner issues. Rehabs only get men back to their former state. This means that the only goal that is accomplished is sobriety. Our approach is spiritual. Regeneration is a complete healing. We show the men that drugs and alcohol are not their true problem. We push them to see the pain in their lives that causes their addiction. Our first, and most important priority is to get them to a saving knowledge of Jesus Christ. From that point, Jesus takes their lives. The times get hard as the men face their past, and the messes they have made, but we encourage them and love them the whole way through. The men attend two phases of the program during their six months here.

Phase I: Orientation: Own what your choices do.

Regeneration: Understanding your chemical dependency

Phase II: Inner Healing: This is the most important class. The men face their past and allow the Lord to heal their pain. They also learn to forgive the wrongs done to them

Discipleship: This teaches the men to take the tools we give them and the truth that God has spoken to them and teaches them how to apply it to their newly changed lives.

God's tool in Regeneration is His Word which is TRUTH and TRUTH is reality.
